CONGRESS THIS WEEK

Programme as Mapped Out for the House and Senate.

SHIP SUBSIDY BILL.

The Senate Will Begin Voting on the Measure This Afternoon—River and Harbor Bill Will Pass the House This Week.

Washington, March 17.—In accordance with the agreement reached a week ago, the senate will begin voting on the ship subsidy bill and amendments at 3 o'clock this afternoon. There will be no speechmaking after the voting begins. The senate met at 11 o'clock, an hour earlier than usual, in order to give senators who may still wish to be heard an opportunity to speak on the bill before the time the vote arrives.

With the subsidy bill disposed of the bill introduced by Senator Hoar for the protection of the president of the United States from assassination will assume first place on the calendar, having been made the unfinished business. It is not expected, however, that there will be prolonged debate upon this bill and there is great interest among senators as to which of several measures will be next preferred. Either the oleomargarine bill or the Chinese exclusion bill doubtless will be made the unfinished business to succeed the presidential protection measure, though the Nicaraguan canal bill also is pressing for attention. The canal bill, however, according to present understanding, will be compelled to wait on both the other bills. There is a suggestion which members of the steering committee are considering to allow the Chinese bill and the oleomargarine bill to run along side by side, one of them occupying the morning hour and the other taking the time after the expiration of that hour. The advocates of both bills are confident of the outcome.

The house this week will pass the river and harbor bill; will decide the contested election case of Moss vs. Rhea from the Third Kentucky district and will consider the bill for the retirement of officers of the revenue cutter service.

The report in the contested election case is against Mr. Rhea, the sitting member who is a Democrat, and it is regarded as forgone conclusion that he will be unseated.

The revenue cutter service bill was defeated in the last congress, but its friends claim to have hope that it will meet a better fate now. It is believed that the rivers and harbors bill will not consume more than two days.

A few members who are dissatisfied with appropriations for improvements in their district will make an effort to amend it on the floor to meet their individual wishes, but the committee believe they will have strength enough to prevent any attempt to amend it and that it will pass in the form in which it was reported from the committee.

Reported Unfavorably.

Washington, March 17.—Senate convened at 11 o'clock this morning, this being the day on which the final vote upon the ship subsidy bill will be taken. Mr. Frye, in charge of the bill, was granted 30 minutes in which to reply to arguments made against the bill.

The resolution providing for the appointment of a board to investigate the project of constructing an interoceanic canal across the Isthmus of Darien, reported unfavorably by the inter-oceanic canal committee and indefinitely postponed.

Inmates of Confederate Home.

Austin, March 17.—The population of the Confederate home continues to increase, a few more old soldiers being admitted as fast as room is available for them. The accommodations were increased by the completion of the new dining hall, and as soon as the old dining hall is properly fitted about 25 more can be admitted, which will bring the total to 325, the limit of the present quarters. Since Christmas 41 have been received, of which number 19 were received this month.

Mayor of Toledo Ill.

Los Angeles, March 17.—Sam Jones, mayor of Toledo, is seriously ill at Long Branch with pleurisy. Mr. Jones was taken sick immediately after an address at a banquet given by the Economic League at which he was the guest of honor. He is, however, believed to be out of danger.

Train and Street Car Collision.

Milwaukee, Wis., March 17.—In a collision between the Pioneer limited from Chicago and a Howell avenue car at the Kinnickinnick avenue crossing, ten passengers were injured, but none fatally.

Cigarettes Made Him Crazy.

Austin, March 17.—Ed Warmund, aged 27 years, who lost his mind several days ago from excessive use of cigarettes, attempted suicide by stabbing himself several times in the chest. He may recover.

Both Duellists Dead.

Reno, Nev., March 17.—Reese Evans and A. A. Smith fought a duel with Winchesters at eight feet distance. Each received injuries from which death resulted. The quarrel was over a strip of almost worthless land.

Million Dollar Fire in Chile.

Santiago de Chile, March 17.—A section of the naval arsenal at Valparaiso has been destroyed by fire. The loss is placed at \$1,000,000.

BLIZZARD IN NORTHWEST.

Worst Snow Storm in Years Flays Havoc With Traffic.

St. Paul, March 17.—North Dakota and the Canadian Northwest are experiencing the worst snow storm in many years and railroad traffic is practically paralyzed. The Northern Pacific and Great Northern have not moved a wheel for nearly 36 hours in the blizzard-stricken district and have abandoned all efforts to do so until the fury of the storm abates. The high wind has piled the snow in mountainous drifts and packed it in solid masses, many deep cuts being entirely filled. The temperature has been gradually falling and is now at or below the zero mark. Not a trans-continental train has arrived in St. Paul since Friday and none is expected for several days. The Northern Pacific reports its west bound passenger which left St. Paul at 6 p. m. Saturday, tied up at Fargo, the road beyond there being blocked. The east bound coast train due here Saturday morning is held at Mandan, N. D. Every effort is being made by the road to keep its passengers, who are snowbound, warm and well-fed, and trains are being held at stations where the accommodations are good.

The Red River Valley division of the Northern Pacific between Frankfort and Winnipeg is entirely abandoned. No trains have attempted to run since Friday night. Telegraph wires were carried down by the sleet which preceded the heavy snow. The situation on the Great Northern is equally bad.

The storm started on Friday, being preceded by a light rainfall and accompanied by high winds. The rain soon turned to sleet and then to snow, and this has fallen without cessation since. The terrific gale drifted the snow so badly that the streets of the towns in the storm district were filled so deeply that it was next to impossible to wade through them. Business of all kinds has been at a standstill since Friday night, and not much can be done until the storm subsides. So far as known there has been no loss of life.

FLOODS IN GEORGIA.

Several Towns Suffer and the Streams Are Still Rising.

Atlanta, March 17.—Heavy rains Saturday and Sunday night in northern middle Georgia caused the Atlanta weather bureau to send flood warnings to Euftaula, Ala., and West Point and Columbus, Ga., predicting a rapid rise in the Chattahoochee river. North Alabama was deluged, as were portions of south Georgia and northern Florida, and streams in those sections of the south are out of their banks.

At Albany, Ga., the Flint river, which rose at the rate of a foot an hour Saturday night, has not reached the maximum height expected. The rainfall there in the past three days is nearly 12 inches. Many sewers burst, and houses in the low lying quarter of the town were surrounded by water for several hours. The river is still rising, and all creeks north of Albany are out of their banks. The tracks of the Central of Georgia, and the Plant system between Albany and Thomasville are reported under water in several places.

The Chattahoochee at Columbus, Ga., rose seven feet Sunday, and is still on the upward move. The Southern railway has a washout near Molena, on one of its small branches. Traffic on the Central of Georgia was delayed several hours by a washout near Union Springs, Ala.

Some damage was done to the town of Cordele, Ga., by the heavy rains, and a washout is reported near there.

Information from Brunswick is to the effect that the surrounding country is flooded as a result of the recent rains. Rains have been coming down in torrents there and there are no indications of cessation. Not a train is moving over the Brunswick and Birmingham railroad. Through Buffalo swamp water is over the track for nearly a mile, and passengers are unable to get to Brunswick. The Plant system track is intact.

The Altamaha river is still high, but is intact.

A Royal Prisoner.

"A Royal Prisoner," which is to be presented at the opera house, Friday, March 21, is a romantic comedy drama in four acts, dealing with people of high station in Russia, period of 1741.

Never before has a drama been written of that period, the most interesting of all Russian history. The play introduces a number of noted characters of the great empire and is founded on an historical episode which occurred during the reign of that famous Empress of Russia, Elizabeth Petrovna, daughter of Peter the Great, who was the first of Russia's rulers after her illustrious father to give the empire new life.

"A Royal Prisoner" is a fascinating play. The theme is bright and natural, the action quick, and the charming plot is so admirably unfolded that the interest is maintained until the great climax in the last act, when the Empress in a royal rage at the deception practiced upon her, is about to take Alexander's life.

Mr. James will impersonate the reckless young soldier, Lieutenant Alexander Razoumovski, who in history was the father of Cyril Razoumovski, who was famed for his wonderful endeavors in behalf of the Academy of Science at Moscow, over which he presided. This is the first time in the history of the drama that Razoumovski has been illustrated in any play. The company supporting Mr. James is a capable and well selected one, much depending on their being schooled in the classic and romantic drama. The costumes are military and very elaborate.

Texas cotton mills are shipping products of the loom to Massachusetts markets, even into the very heart of the cotton manufacturing district of the effete East. We have always thought there was economy, wisdom and profit in having the cotton factory located near the field of production of the raw material. Now that there is the added advantage of cheap fuel, as the result of Beaumont oil development, the cotton mills abroad cannot compete with those of Texas in the coarser fabrics at all, and after a while they will not be competitors even in the finer goods.—San Antonio Express.

PRINCE AT PLYMOUTH.

Be Accompanied There on Wednesday at 10 o'clock.

Plymouth, England, March 17.—The steamer Deutschland with Prince Henry of Prussia, and suite on board arrived here at 12:30 p.m. this afternoon and proceeded at once for Charbourg and Hamburg. Prince Henry, who was browned, hardy looking and completely rested after his visit to the United States, spent most of his time on the bridge with the captain or first officer of the steamer.

Letter to Men on the Prince.

Berlin, March 17.—Emperor William passed Sunday with the empress at Kiel Schloß. This morning his majesty boarded the battleship Kaiser Wilhelm II. and traveled the canal to Cuxhaven, where he awaited the arrival of the Deutschland, having on board Prince Henry of Prussia. Admiral von Thomsen and other high naval and military officers will participate in the reception of the prince. The Fourth marine artillery and marine band were ordered to be present. The cruiser Hela will take Prince Henry ashore, after the Deutschland anchors before Cuxhaven. Emperor William, Prince Henry and the latter's suite will board Kaiser Wilhelm II., which will immediately sail for Kiel.

INSURGENTS FIGHTING.

They Capture Several Towns and Are Marching on Others.

Port of Spain, Trinidad, March 17.—Venezuelan insurgents commanded by General Monagas captured the port of Guanta March 13. Six custom-house officers were wounded. Government troops, commanded by General Velutini recaptured Guanta Sunday.

Insurgents have taken possession of Caracao, and are marching on Cumanas. Insurgents also continue to threaten Carupano, which place, it is said, they will mostly likely capture.

The revolutionary steamer Bolivar landed a force of insurgents on March 13, on the shore near Punta Piedras, north of the Island of Margarita, and March 15 the steamer landed war munitions and insurgent forces near Cumarebo, opposite the Island of Curacao, to reinforce the revolutionary troops under General Rivera, who are preparing to attack Corro.

Venezuelan insurgents are very active at present and the situation appears to be grave for the government of Venezuela.

It is reported here the insurgents have captured Ciudad de Cure near Valancia.

DENIAL FROM CLAYTON.

He Says the Charges Filed Against Him Are False.

Washington, March 17.—A telegram has been received by Secretary Hay from Powell Clayton, United States ambassador to Mexico, declaring the charges preferred against him, connecting his name with the ownership of Mexican mining stocks, was false.

It is said at the department there is nothing in the law or regulations to prohibit a minister or ambassador from holding stocks or even engaging in business in the country to which he was accredited. It is further stated at the department that this has an important bearing upon the charges preferred against Ambassador Clayton that in even the step taken by him in the Mealy case he acted with approval and in most cases by the direction of the department.

A Royal Prisoner.

"A Royal Prisoner," which is to be
presented at the opera house, Friday,
March 21, is a romantic comedy dra-
ma in four acts, dealing with people
of high station in Russia, period of
1741.

Never before has a drama been
written of that period, the most in-
teresting of all Russian history. The
play introduces a number of noted
characters of the great empire and is
founded on an historical episode
which occurred during the reign of
that famous Empress of Russia,
Elizabeth Petrovna, daughter of
Peter the Great, who was the first of
Russia's rulers after her illustrious
father to give the empire new life.

"A Royal Prisoner" is a fascinat-
ing play. The theme is bright and
natural, the action quick, and the
charming plot is so admirably un-
folded that the interest is maintained
until the great climax in the last
act, when the Empress in a royal
rage at the deception practiced upon
her, is about to take Alexander's life.
Mr. James will impersonate the
reckless young soldier, Lieutenant
Alexander Razoumovski, who in his-
tory was the father of Cyril Razou-
movski, who was famed for his won-
derful endeavors in behalf of the
Academy of Science at Moscow, over
which he presided. This is the first
time in the history of the drama that
Razoumovski has been illustrated in
any play. The company supporting
Mr. James is a capable and well se-
lected one, much depending on their
being schooled in the classic and ro-
mantic drama. The costumes are
military and very elaborate. 83

Texas cotton mills are shipping
products of the loom to Massachu-
setts markets, even into the very
heart of the cotton manufacturing
district of the effete East. We
have always thought there was
economy, wisdom and profit in
having the cotton factory located
near the field of production of the
raw material. Now that there is
the added advantage of cheap fuel,
as the result of Beaumont oil de-
velopment, the cotton mills abroad
cannot compete with those of Texas
in the coarser fabrics at all, and
after a while they will not be com-
petitors even in the finer goods.—

PRINCE AT PLYMOUTH.

The steamer *Deutschland* on its
way home.
Plymouth, England, March 17.—The
steamer *Deutschland* with Prince
Henry of Prussia, and suite on board,
arrived here at 12:30 p.m. this morn-
ing and proceeded at once for
Charbourg and Hamburg. Prince
Henry, who was known, hardly look-
ing and completely rested after his
visit to the United States, spent most
of his time on the bridge with the cap-
tain or first officer of the steamer.

Kaiser to Meet the Prince.

Berlin, March 17.—Emperor William
passed Sunday with the empress at
Kiel Schloß. This morning his ma-
jesty boarded the battleship *Kaiser
Wilhelm II.* and traveled the canal to
Cuxhaven, where he awaited the ar-
rival of the *Deutschland*, having on
board Prince Henry of Prussia. Ad-
miral von Thomsen and other high
naval and military officers will par-
ticipate in the reception of the prince.
The Fourth marine artillery and ma-
rine band were ordered to be present.
The cruiser *Hela* will take Prince
Henry ashore, after the *Deutschland*
anchors before Cuxhaven. Emperor
William, Prince Henry and the latter's
suite will board *Kaiser Wilhelm II.*,
which will immediately sail for Kiel.

INSURGENTS FIGHTING.

They Capture Several Towns and Are
Marching on Others.

Port of Spain, Trinidad, March 17.—
Venezuelan insurgents commanded by
General Monagas captured the port of
Guanta March 13. Six custom-house
officers were wounded. Government
troops, commanded by General Velu-
tini recaptured Guanta Sunday.

Insurgents have taken possession of
Caracao, and are marching on Cuman-
as. Insurgents also continue to
threaten Carupano, which place, it is
said, they will mostly likely capture.

The revolutionary steamer *Bollvar*
landed a force of insurgents on March
13, on the shore near Punta Piedras,
north of the Island of Margarita, and
March 15 the steamer landed war mun-
itions and insurgents forces near Cu-
marebo, opposite the Island of Cura-
coa, to reinforce the revolutionary
troops under General Rivera, who are
preparing to attack Corro.

Venezuelan insurgents are very ac-
tive at present and the situation ap-
pears to be grave for the government
of Venezuela.

It is reported here the insurgents
have captured Ciudad de Cure near
Valencia.

DENIAL FROM CLAYTON.

He Says the Charges Filed Against Him
Are False.

Washington, March 17.—A telegram
has been received by Secretary Hay
from Powell Clayton, United States
ambassador to Mexico, declaring the
charges preferred against him, con-
necting his name with the ownership
of Mexican mining stocks, was false.

It is said at the department there
is nothing in the law or regulations to
prohibit a minister or ambassador from
holding stocks or even engaging in
business in the country to which he
was accredited. It is further stated at
the department that this has an im-
portant bearing upon the charges pre-
ferred against Ambassador Clayton
that in even the step taken by him in
the Mealy case he acted with approval
and in most cases by the direction of
the department.

TURKISH GUARD ATTACKED

of Bulgarian revolutionists recently at-
tacked Turkish guards at Nerua in the
district of Djumabala, but were re-
pulsed with the loss of two men killed

Arrests and deportations of military
and civil officials continue to be daily
occurrences. The trial of 14 persons
arrested in connection with the case
of Fuad Pasha has commenced.

The sultan has commuted the sen-
tences of Fuad Pasha and General Na-
zim Pasha from degradation and im-
prisonment to simple exile.

Cold at Chicago.

Chicago, March 17.—Chicago is ex-
periencing severe winter weather. Since
Saturday there has been a drop in tem-
perature of 50 degrees. At 9 o'clock
this morning the mercury registered
4 degrees above, while a strong wind
added to the general discomfort.

Suez Canal Reopened.

Port Said, Egypt, March 17.—The
Suez canal has been reopened. The
British petroleum steamer *Nerite*,
from Marseilles, February 21, reported
Sunday to be on fire in the canal, is
still burning.

Ex-Secretary Tracey Improving.

Tracey, ex-secretary of the navy, who
was suddenly overcome by illness in
court here Saturday, is reported at his
hotel to be steadily improving.

Riot Threatened.

Bluefields, W. Va., March 17.—A riot
is threatened among the strikers and
guards at Toms Creek mines, where
1,000 men have been out for a month.
The armed force has been doubled.

Will Not Go Abroad.

London, March 17.—Officially an-
nounced that King Edward will not
go abroad this year. He will cruise in
British waters on board the royal yacht
Victoria and Albert.

DEATH OF MR. WAGNER.

Mr. John Wagner, an aged gentleman who has resided here for the past year or more with Rev. and Mrs. J. M. Adams, died at the Methodist parsonage in this city at 11 o'clock, having reached the advanced age of 73 years.

The body was taken to Millican in the early morning train to be interred in the old cemetery where he himself has helped to lay friends away who have preceded him to death's door.

Mr. Wagner was born in Germany, but came to this country at the early age of 13. When the great Civil war came on he found that his sympathy was with the people of the Southland, but he concluded that his patriotic duty was to uphold the Union, so he served through the war as a sergeant in the Federal army.

After the war closed he located at Millican, where he lived an honored and respected life for twenty years, marrying Mrs. Gillespie in 1883.

He was through life a devoted Christian, and a member of the Methodist church—Navasota Examiner.

REVIVAL SERVICES.

The crowds at the Baptist church Sunday were large, morning and night. The afternoon sermon to men was one of great force. The sermon at night was searching and solemn. Great good is being done by Evangelist McConnell's preaching.

The hymns by Singer Harrell and his wife are full of the gospel and very touching and convincing. He sings the gospel and the preacher preaches it.

The meetings will continue, and we want the people of Bryan to receive a blessing—the greatest if possible, they have ever had. This invitation is extended to the pastors and their congregations—to all of all denominations and of no denomination: Come to the services and if there is any good for you, get it. Pastor.

"American Wine for Americans."

Escapernong wine is purely an American product, manufactured from a peculiar variety of luscious grapes, produced only in a limited area on the Atlantic coast. For one hundred years Escapernong wine has been a favorite with those who appreciate a pure, wholesome, fruity wine of delicate aroma, delightful bouquet and "farewell," and moderate price. Especially has it been a favorite with ladies for a dinner wine. This wine is also made in "Extra Dry" and "Special Dry," of the same high grade, but not so sweet. Taylor & Cox have just received a new shipment. 90

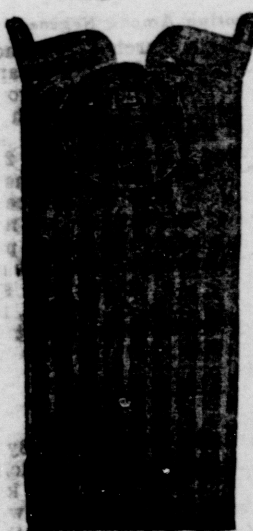

For some reason unknown to the pastor and congregation, Bishop Kinsolving did not arrive in Bryan Sunday, in consequence of which the class of four or five was not presented for confirmation. Services were conducted by the pastor, Rev. H. M. Green.

In a difficulty late yesterday afternoon W. A. Cones received a severe knife wound in the right side. He was given medical attention at once and was resting well at last account. Little Joe Hearne was arrested and placed under bond.

At the City Hall on Wednesday, March 19, there will be for sale the most beautiful line of shirt waists ever brought to Bryan. They have been donated by the Convent pupils and will be sold for the benefit of Villa Maria. Do not buy your spring waists before seeing this assortment. Dinner and lunch will be served at all hours during the day. All are invited and will be most cordially welcomed by a corps of Bryan's most devoted ladies. 88

"American Wine for Americans."

Escaperlong wine is purely an American product, manufactured from a peculiar variety of luscious grapes, produced only in a limited area on the Atlantic coast. For one hundred years Escaperlong wine has been a favorite with those who appreciate a pure, wholesome, fruity wine of delicate aroma, delightful bouquet and "farewell," and moderate price. Especially has it been a favorite with ladies for a dinner wine. This wine is also made in "Extra Dry" and "Special Dry," of the same high grade, but not so sweet. Taylor & Cox have just received a new shipment. 90

METHUEN LEFT A GAP

This Was the Cause of Defeat by General D. Larey.

METHUEN'S RELEASE

The British General Was Ordered to Be Taken Back under the Escort of His Nephew and His Own Physician to Klerksdorp.

London, March 17.—Lord Kitchener has sent a telegraphic dispatch showing that the fighting when Methuen was defeated lasted much longer than was supposed, and confirms the belief that the disaster to Gen. Methuen's forces was due to leaving too large a gap between the front convoy and the rear, and to placing an insufficient screen behind the rear guard, which brought about a panic among the troops as a result of the Boer onslaught.

Much resentment is felt here that the Boers wore British uniforms and badges, but satisfaction is expressed at the latest accounts of the affair, as indicating that the British troops behaved better than was supposed from the earlier reports.

From other dispatches it appears that Gen. Methuen was shot while riding to bring up the mounted troops, and that his horse was killed. After the surrender Gen. Delarey rode up and treated Gen. Methuen with the greatest courtesy and consideration. He ordered his return to Klerksdorp under the care of his own nephew and a medical officer.

According to the Klerksdorp correspondent of the Daily Mail the burghers were so angry at this that a party of them went out and brought Gen. Methuen back. Gen. Delarey, however, overruled the objections of the burghers.

The correspondent of the Daily Mail pays a tribute to Gen. Delarey's humanity and describes him as a "brilliant fighter and a born leader, who brings no bitterness nor racial feeling to his task and who sternly represses any excesses on the part of the burghers."

Further evidence of the ability of the Boers to penetrate the blockhouse lines is contained in a dispatch from Heilbron, Orange River Colony, which describes how Commandant Mentz, on the night of March 10, crossed the Heilbron-Wolverhoek line at Gottenburg. One Boer advanced, firing his rifle. Two pickets between the blockhouses returned this fire and killed the Boer and his horse. The Boers then cut the wire fence and drove in a mob of loose horses, which knocked down 200 yards of the fence. Commandant Mentz then dashed through with over 300 Boers and the pickets were powerless to stop the overwhelming rush.

IMPORTS AND EXPORTS.

Statement of the Commerce of the Philippines for 1900-01.

Washington, March 17.—The comparative statement of the commerce of the Philippines for the eight months ended Aug. 31, 1901, and 1900, shows that the total value of the merchandise imported during the eight months, ended Aug. 31, 1901, was \$19,618,596, against \$14,580,457 for the same period of 1900, and the total value of merchandise exported during the eight months ended Aug. 31, 1901, was \$16,935,495, against \$15,928,015 for the same period of 1900.

The imports show an increase of 35 per cent during the period of 1901 as compared with the same period of 1900. In the exports there was a 6 per cent increase in favor of 1901. The imports from the United States, exclusive of gold and silver, during the eight months of 1901 was \$2,470,050, being an increase of 84 per cent over the same period of the preceding year, while the export figures show a gain of nearly \$1,000,000 on foodstuffs, and in manufactured articles of nearly \$4,000,000 for the eight months of 1901. Agricultural exports for the periods mentioned show a slight increase during 1901, the showing for this period being \$14,539,887, of which amount \$10,436,566 is credited to hemp, the leading article of export. The export figures of \$1,709,169 in manufactured articles for the period of 1901 nearly doubled those for 1900, while products of the mines and forests show a decided increase over 1900.

Ambassador White Will Retire.

Washington, March 17.—The understanding among state department officials and his friends has been for some time that Mr. White intended retiring from the post of ambassador at Berlin next November, when he will reach the age of 70 years. Mr. White's health is not very robust, and in addition there are other reasons which influence him in seeking the retirement of private life.

Cyclone in Alabama.

Birmingham, Ala., March 17.—A cyclone struck the mining town of Piper, Bibb county, Sunday morning, wrecking 40 houses and damaging 35 others. Ed Turner, colored, was killed and John Allen, wife and three children were severely injured.

The storm also did great damage at Garner Junction and Belle Ellen. The mines in that section are flooded and cannot be operated for several days.

Confederate Soldier Dead.

SPEEDING TO RUSSIA

Special Confidential Agent Bearing Important Information.

ABOUT MANCHURIA.

He Is Making the Trip as Fast as Steam, Endurance and Money Can Take Him—Deals With the Anglo-Japanese Treaty.

New York, March 17.—Speeding to St. Petersburg with secret dispatches on the situation in Manchuria, from the Russian embassies in Tokio and Washington, is Prince Lobanow-Rostowsky, a confidential agent of the czar. He is making his journey as short and as rapid as steam and endurance and an unlimited supply of money can make it. The prince nas at his entire disposal the services of every Russian embassy, consulate and consular agency from Tokio to Kronstadt, for the purpose of hastening his urgent message.

The courier of the czar left this city on the steamship Aquitaine for Havre. Prince Lobanow-Rostowsky has been a special attache in the Russian embassy in the Japanese capital. He left Nagasaki on the Pacific liner Nippon Maru just before the ratification of the Anglo-Japanese treaty for the maintenance of the integrity of the Chinese empire was communicated to the powers. The imperial courier left Washington on the midnight train. He was preceded by a telegram from the Russian embassy in Washington to the Russian consulate in this city, which instructed the consul here to assure the prince's passage on the Aquitaine at all costs. The passage was ordered and Prince Lobanow-Rostowsky sailed under the gallicised name of Lobanow de Rostow.

The mystery and the haste of his transit began in Tokio, where he had been sent out at the special request of the czar to watch the developments of the alliance, which was then in process of negotiation, and which was designed to check Russia's move to obtain the permanent occupation of Manchuria—a province which in extent, population and future possibilities, is an empire in itself.

The Russian embassy in the Japanese capital knew that the Anglo-Japanese treaty was an accomplished fact for days before the official announcement of its ratification. Prince Lobanow-Rostowsky now is hastening to St. Petersburg to lay before the czar and Count Lamadoff, the minister of foreign affairs, important confidential information concerning the immediate prospects of the alliance.

The Russian foreign office is said to have had humiliating experiences with cable messages transmitted in secret codes which failed to keep their secrets, and so Prince Lobanow-Rostowsky set out to bear the dispatches himself.

Shooting Among Negroes.

Reagan, Tex., March 17.—A shooting affray occurred on the Ikard farm, in the Brazos bottom, five miles from this place Saturday night, in which a negro, Aaron Spencer, and his grown daughter were wounded and a 2-year-old child of the latter was instantly killed. The wounds of Spencer and his daughter are reported as not serious, both being in the fleshy part of the arm. It seems that when the shooting was done the woman was sitting down with the child in her lap, and it is supposed that the same bullet which killed the child was the one which penetrated her arm.

Chinese Honor an Infant.

Seattle, Wash., March 17.—By the greatest feat of its kind which the Chinese of this city have ever known and by presents of gold and wool a life of good luck was wished to the infant son of Charlie Dong Yoke, one of the wealthiest of local merchants Sunday. Two elaborate banquets were served, costing a heavy sum of money. Two hundred of the leading Chinese merchants of the city were present.

Another Wireless Inventor.

Lexington, Ky., March 17.—The inventor of wireless telegraphy, Nathan Stubblefield, has gone to Washington where he will give a public demonstration of his invention on the Potomac river on Thursday. The first demonstration given by Stubblefield was six weeks ago at Murray. If successful Mr. Stubblefield will attempt a longer distance at sea.

Mandamus Partly Sustained.

Austin, March 17.—The supreme court has awarded a writ of mandamus in part and refused in part the case of P. W. Hazlewood vs. Charles Rogan, land commissioner. The case involved four sections of school land in Kimble county. The court holds the petitioner entitled to three of the sections of land and that he be reinstated as purchaser.

An Old Engineer Dead.

New York, March 17.—George H. Van Tassel, one of the oldest engineers in the service of the New York Central road, brought the Empire State Express into the Grand Central station, and on his way to his home dropped dead. He had held the throttle for thirty years.

Another Body Identified.

Waco, Tex., March 17.—Prof. J. M. Ferguson of this city has been notified that one of the two unidentified bodies of the recent Southern Pacific wreck was that of his aunt, Mrs. Knight, of Yuma, Ariz. Mrs. Knight was en route from Alabama to her home in Yuma.

FUNERAL OF ALTGELD.

Citizens of Chicago Pay Their Respects to the Dead State-man.

Chicago, March 17.—Representatives of all classes of people in the state of Illinois joined Sunday in a final tribute to ex-Governor John P. Altgeld, who was buried in Graceland cemetery. In accordance with the wishes of Mrs. Altgeld there was no military display. For two hours in the morning before the casket was sealed, a steady stream of people viewed the body as it lay in state in the public library building.

Along the line of march which extended from the library to Lincoln park the streets were crowded with men, women and children. The funeral procession which started at 11 o'clock was headed by a platoon of police. The funeral car with its escort of active and honorary pall bearers were followed by carriages containing the members of the family and after these Governor Yates and his staff, members of the legislature, the Cook county judiciary, members of the county board, county officials and city officials.

The second division was made up of the United Turner societies. In the large division were a number of political bodies. Organized labor bodies formed the fourth division and the fifth and last was composed of civic and fraternal societies, Boer sympathizers, the Altgeld Legion, Henry George association and hundreds of citizens who took part in the pageant. Among those from outside the state who attended the funeral was William J. Bryan who served as one of the honorary pall bearers, and delivered an address at the grave.

SIGNED THE ENROLLMENT

Eight Cherokees Rather Sign Than Have Their Hair Cut.

Muskogee, I. T., March 17.—Rather than submit to a hair-cut eight full-blood Cherokee Indians, arrested Saturday charged with being in contempt of the Federal court, Sunday enrolled before the Dawes commission. These Indians are members of the Keloowah society, composed of an element in the Cherokee nation opposed to enrollment. Last month Judge Raymond of the United States territorial court, ordered them to present themselves for enrollment under pain of contempt. They disobeyed the order and were arrested and placed in the federal jail here. Saturday night the government officials pleaded with them to submit, but they declined stoutly. Red Bird Smith, their leader, making an impassioned speech in defense of their action. Argument being of no avail, an order was issued Sunday that each prisoner should have his hair cut. They were lined up to take their turn in the barber's chair. When the first Indian had lost his shock of hair the other broke down and signified their willingness. With sullen faces they signed their names to the enrollment and were released.

GERONIMO WANTS PARDON

The Old Apache Chief Applies for Release from Captivity.

Fort Sill, O. T., March 17.—Geronimo, the Apache Indian chief, has petitioned the authorities at Washington they be released from captivity.

For the last fourteen years Geronimo has been a military prisoner at Fort Sill. Now at the age of 80, he has signified his wish to become a docile subject of the Great Father at Washington.

Gen. Frank Armstrong, of the regular army has been looking into the question and has recommended that Geronimo be paroled and made a citizen. Geronimo has been free, practically for several years now, or ever since his removal from captivity in the Florida everglades to the barracks at Fort Sill. Although under constant surveillance, he has a small farm and receives \$35 a month as a "government scout."

With Geronimo are 298 Apaches. The remnant of the Chiricuas probably will be released.

Ozark Farmers Need Help.

Forsythe, Mo., March 17.—Hundreds of farmers in the Ozark hills of southern Missouri and northern Arkansas, whose crops failed during last summer's drouth, are living in a desperate poor way on short rations. It is estimated that probably 10 per cent of the population in the district noted has felt the bitter pangs of hunger this winter. Offers of aid have been refused. The chief distress now comes from a lack of seed for the spring planting. This is being relieved by the distribution of seed purchased by the governor of Arkansas with money personally borrowed from the banks.

Erath County Goes Dry.

Stephenville, Tex., March 17.—Returns, though not complete, show that Erath county went dry by about 250 majority. The election was held Saturday in all the voting boxes in the county, except Thurber, which the prohibitionists did not care to include in their petition to the commissioners' court.

Sargent Will Accept.

Washington, March 17.—It is understood that Mr. Frank P. Sargent, the chief of the Brotherhood of Locomotive Firemen, will accept the office of commissioner of immigration in the treasury department when it is formally offered him, which, it is said, will be soon.

Blizzard in Michigan.

METHUEN LEFT A GAP

This Was the Cause of Defeat by General D'lairey.

METHUEN'S RELEASE

The British General Was Ordered to Be Taken Back under the Escort of His Nephew and His Own Physician to Klerksdorf.

London, March 17.—Lord Kitchener has sent a telegraphic dispatch showing that the fighting when Methuen was defeated lasted much longer than was supposed, and confirms the belief that the disaster to Gen. Methuen's forces was due to leaving too large a gap between the front convoy and the rear, and to placing an insufficient screen behind the rear guard, which brought about a panic among the troops as a result of the Boer onslaught.

Much resentment is felt here that the Boers wore British uniforms and badges, but satisfaction is expressed at the latest accounts of the affair, as indicating that the British troops behaved better than was supposed from the earlier reports.

From other dispatches it appears that Gen. Methuen was shot while riding to bring up the mounted troops, and that his horse was killed. After the surrender Gen. Delarey rode up and treated Gen. Methuen with the greatest courtesy and consideration. He ordered his return to Klerksdorf under the care of his own nephew and a medical officer.

According to the Klerksdorf correspondent of the Daily Mail the burghers were so angry at this that a party of them went out and brought Gen. Methuen back. Gen. Delarey, however, overruled the objections of the burghers.

The correspondent of the Daily Mail pays a tribute to Gen. Delarey's humanity and describes him as a "brilliant fighter and a born leader, who brings no bitterness nor racial feeling to his task and who sternly represses any excesses on the part of the burghers."

Further evidence of the ability of the Boers to penetrate the blockhouse lines is contained in a dispatch from Hellbron, Orange River Colony, which describes how Commandant Mentz, on the night of March 10, crossed the Heilbron-Wolverhoek line at Gottenburg. One Boer advanced, firing his rifle. Two pickets between the blockhouses returned this fire and killed the Boer and his horse. The Boers then cut the wire fence and drove in a mob of loose horses, which knocked down 200 yards of the fence. Commandant Mentz then dashed through with over 300 Boers and the pickets were powerless to stop the overwhelming rush.

The imports from the United States, exclusive of gold and silver, during the eight months of 1901 was \$2,470,050, being an increase of 84 per cent over the same period of the preceding year, while the export figures show a gain of nearly \$1,000,000 on foodstuffs, and in manufactured articles of nearly \$4,000,000 for the eight months of 1901. Agricultural exports for the periods mentioned show a slight increase during 1901, the showing for this period being \$14,539,887, of which amount \$10,436,566 is credited to hemp, the leading article of export. SPEEDING TO RUSSIA

Special Confidential Agent Bearing Important Information.

ABOUT MANCHURIA.

He Is Making the Trip as Fast as Steam, Endurance and Money Can Take Him—Deals With the Anglo-Japanese Treaty.

New York, March 17.—Speeding to St. Petersburg with secret dispatches on the situation in Manchuria, from the Russian embassies in Tokio and Washington, is Prince Lobanow-Rostowsky, a confidential agent of the czar. He is making his journey as short and as rapid as steam and endurance and an unlimited supply of money can make it. The prince has at his entire disposal the services of every Russian embassy, consulate and consular agency from Tokio to Kronstadt, for the purpose of hastening his urgent message.

The courier of the czar left this city on the steamship Aquitaine for Havre. Prince Lobanow-Rostowsky has been a special attache in the Russian embassy in the Japanese capital. He left Nagasaki on the Pacific liner Nippon Maru just before the ratification of the Anglo-Japanese treaty for the maintenance of the integrity of the Chinese empire was communicated to the powers. The imperial courier left Washington on the midnight train. He was preceded by a telegram from the Russian embassy in Washington to the Russian consulate in this city, which instructed the consul here to assure the prince's passage on the Aquitaine at all costs. The passage was ordered and Prince Lobanow-Rostowsky sailed under the gallicised name of Lobanow de Rostow.

The mystery and the haste of his transit began in Tokio, where he had been sent out at the special request of the czar to watch the developments of the alliance, which was then in process of negotiation, and which was designed to check Russia's move to obtain the permanent occupation of Manchuria—a province which in extent, population and future possibilities, is an empire in itself.

The Russian embassy in the Japanese capital knew that the Anglo-Japanese treaty was an accomplished fact for days before the official announcement of its ratification. Prince Lobanow-Rostowsky now is hastening to St. Petersburg to lay before the czar and Count Lamadorff, the minister of foreign affairs, important confidential information concerning the immediate prospects of the alliance.

The Russian foreign office is said to have had humiliating experiences with cable messages transmitted in secret codes which failed to keep their secrets, and so Prince Lobanow-Rostowsky set out to bear the dispatches himself.

Shooting Among Negroes.

Reagan, Tex., March 17.—A shooting affray occurred on the Ikard farm, in the Brazos bottom, five miles from this place Saturday night, in which a negro, Aaron Spencer, and his grown daughter were wounded and a 2-year-old child of the latter was instantly killed. The wounds of Spencer and his daughter are reported as not serious, both being in the fleshy part of the arm. It seems that when the shooting was done the woman was sitting down with the child in her lap, and it is supposed that the same bullet which killed the child was the one which penetrated her arm.

FUNERAL OF ALTGELD.

Citizens of Chicago Pay Their Respects to the Dead State-man.

Chicago, March 17.—Representatives of all classes of people in the state of Illinois joined Sunday in a final tribute to ex-Governor John P. Altgeld, who was buried in Graceland cemetery. In accordance with the wishes of Mrs. Altgeld there was no military display. For two hours in the morning before the casket was sealed, a steady stream of people viewed the body as it lay in state in the public library building.

Along the line of march which extended from the library to Lincoln park the streets were crowded with men, women and children. The funeral procession which started at 11 o'clock was headed by a platoon of police. The funeral car with its escort of active and honorary pall bearers were followed by carriages containing the members of the family and after these Governor Yates and his staff, members of the legislature, the Cook county judiciary, members of the county board, county officials and city officials.

The second division was made up of the United Turner societies. In the large division were a number of political bodies. Organized labor bodies formed the fourth division and the fifth and last was composed of civic and fraternal societies, Boer sympathizers, the Altgeld Legion, Henry George association and hundreds of citizens who took part in the pageant.

Among those from outside the state who attended the funeral was William J. Bryan who served as one of the honorary pall bearers, and delivered an address at the grave.

These Indians are members of the Keloowah society, composed of an element in the Cherokee nation opposed to enrollment. They disobeyed the order and were arrested and placed in the federal jail here. Saturday night the government officials pleaded with them to submit, but they declined stoutly. Red Bird Smith, their leader, making an impassioned speech in defense of their action. Argument being of no avail, an order was issued Sunday that each prisoner should have his hair cut. They were lined up to take their turn in the barber's chair. When the first Indian had lost his shock of hair the others broke down and signified their willingness. With sullen faces they signed their names to the enrollment and were released.

Geronimo has been free, practically for several years now, or ever since his removal from captivity in the Florida everglades to the barracks at Fort Sill. Although under constant surveillance, he has a small farm and receives \$35 a month as a "government scout."

With Geronimo are 298 Apaches. The remnant of the Chiricuas probably will be released.

Forsythe, Mo., March 17.—Hundreds of farmers in the Ozark hills of southern Missouri and northern Arkansas, whose crops failed during last summer's drouth, are living in a desperately poor way on short rations. It is estimated that probably 10 per cent of the population in the district noted has felt the bitter pangs of hunger this winter. Offers of aid have been refused. The chief distress now comes from a lack of seed for the spring planting. This is being relieved by the distribution of seed purchased by the governor of Arkansas with money personally borrowed from the banks.
